PATROOT®

FORAGE FIRST®
EQUINE NUTRITION

ACES™

ACES is a unique, amino acid supplement for equine of all ages and performance levels. It supports muscle development and helps maintain muscle mass. ACES combines Cell Rate® with amino acids that are recognized to help supply an athletic horse with nutrients needed for strength, health, and stamina.

Inside Tract™

Inside tract contains Cell Rate® with ingredients known to provide nutritional support for gastrointestinal health, help support and maintain a positive gastrointestinal environment, and provide nutritional support needed during health challenges.

Forage First® Summer Care

A supplement for working horses to provide nutritional support for heat abatement specifically formulated to help support your horse during hot weather.

Forage First® GS

A unique triple action blend of select ingredients that supports a healthy gastric pH while helping protect and strengthen the stomach lining.

GROSTRONG® Minerals

Supplying 23 vitamins and minerals including biotin (helps improve hoof health), electrolytes (helps increase hydration), and naturally-sourced vitamin E.
