FEED SUCCESS WITH YOUR NUTRITION
SOLUTIONS PARTNER

Canada Region

Building World-Class Nutrition

From supporting the health of livestock with innovative feed additives to understanding how nutrition contributes to your bottom line, ADM has the ingredients and expertise to support you.

We focus on key industry challenges by developing custom solutions. These include a variety of nature-inspired ingredients including plant extracts, gut agility activators, plus a variety of tailor-made premix solutions to ensure optimal livestock performance and profitability.

Your Edge. Our Expertise.

NUTRITION & HEALTH SOLUTIONS

A RELIABLE PARTNER

CONTINUOUS INNOVATION

NUTRITION &
TO MEET

Ingenuity & Expertise that Give You an Edge

At ADM, we provide access to science-based solutions that optimize animal performance, improve productivity and ultimately help meet demand for high quality protein.

**NUTRITION & HEALTH PORTFOLIO
TO MEET YOUR NEEDS**

**BROAD TECHNICAL EXPERTISE
& PRODUCTION CAPABILITIES**

**EXTENSION OF
YOUR TEAM**

**NUTRITION TO
OPTIMIZE EFFICIENCY**

NUTRITION & HEALTH PORTFOLIO TO MEET YOUR NEEDS

- Global commodity and co-product operations
- Broad range of specialty feed ingredients
- Feed additives to optimize performance

BROAD TECHNICAL EXPERTISE & PRODUCTION CAPABILITIES

- Unmatched technical expertise across species
- Research capabilities including simulated digestion and performance-challenge models
- Advanced premix blending capabilities

EXTENSION OF YOUR TEAM

- Market insights on consumer and nutrition trends
- Comprehensive tech support to meet your needs
- Partnerships with leading universities and research centers

NUTRITION TO OPTIMIZE EFFICIENCY

- Tailored nutrition to optimize production
- Innovation, formulation and application expertise
- Solutions to meet consumer requirements, trends and production inputs

More Solutions, More Benefits

From layers to broilers, every poultry application has its own unique challenges, and requires distinctly different solutions for success.

We want to partner with you to create the solutions to solve nutrition and animal health challenges.

Producer Challenges

- Strong health & welfare
- Food safety
- Sustainability
- Economically viable production solutions
