

Caribbean

ADM Animal Nutrition® manufactures animal nutrition products in four Caribbean countries and exports feed and premixes to many other territories. Many islands in the Caribbean have a vibrant livestock industry. From dairy, swine and poultry to layer and small animals, ADM Animal Nutrition provides the needed resources for your business in these tropical climates.

Puerto Rico

On the island of Puerto Rico, ADM Animal Nutrition operates two commercial feed plants located in Hatillo and Guaynabo and a premix operation in Barceloneta. The commercial feed plants specialize in manufacturing complete formula feeds, feed ingredients and package corn. The premix facility is dedicated to the formulation and manufacturing of mineral and vitamin premixes for animal feeds that enhance the value of products and services to the animal industry. Our customer base includes dairies, equine, swine, layers, farm stores and livestock integrators (mix and grind). Product forms include mash, crumbles and pellets in bulk and bags (50 lb and 100 lb). For more information about available services and products in Puerto Rico, contact: ADM Animal Nutrition of Puerto Rico, P.O. Box 90 Hatillo, Puerto Rico 00659 ADM Animal Nutrition of Puerto Rico, Avenida Tomas D'vila #10 Zona Industrial Palmas Altas, Barceloneta, Puerto Rico 00617 Tel: 787-878-7474 Fax: 787-879-5000 Email: Camilo.Almeyda@adm.com

Trinidad

Founded in 1965, Master Mix® Feeds started operations in the Fernandes Industrial Estate in Laventille Trinidad, West Indies. Master Mix Feed quickly became the preeminent feed brand and remains Trinidad's market leader to this day. In 2010, operations shifted to a modern, state-of-the-art feed milling facility at Pacific Avenue Point Lisas Industrial Estate, Couva, situated on the West Central coast. Master Mix has the advantages of access to major research and development resources of ADM, the parent company and majority owner. This ensures that formulations and processes are always up-to-date with the latest scientific information available.
