

Goat Show Feeds Quick Reference Guide

Helping our exhibitors gain
the competitive edge through
superior feed technology.

Winners are bred . . . Champions are fed.SM

MoorMan's ShowTec AminoGain® Goat 81667

**Designed to meet the unique nutritional needs
of growing and blooming young show goats**

- Provides 16% crude protein, 4% fat, 19% fiber, and 25-35 ppm copper
- Incorporates AminoGain technology which complements multiple, high-quality protein sources to match the requirements for lean tissue (muscle) growth and facilitates efficient, fast gain
- Patented cold pelleting feed technology helps capture freshness and nutritional value
- Highly palatable with optimal levels of protein and energy
- Contains CitriStim®, Fire Extinguisher™ R, and a direct fed microbial
- Properly fortified with minerals for optimal growth and includes complexed cobalt, copper, manganese, zinc, and selenium
- Properly fortified with vitamins A, D, E (natural-source vitamin E), and B-complex vitamins
- Fortified with ammonium chloride
- Medicated with decoquinate (Deccox®; 81667MPSP4) or monensin (Rumensin®; 81667CAUP4)
- Mini-pellet form for more efficient feeding and better feed intake

Feed AminoGain Goat DC at the rate of 3 lb per 100-lb of body weight. To complete the feeding phase and achieve the desired amount of cover, or to compensate for stress during any period of the feeding program, top-dress with 8-16 oz of Fast Fat per 100-lb of body weight per head daily.

Do not feed AminoGain Goat DC to goats producing milk for food.

MoorMan's ShowTec Goat Sale Prep 81072

**Nutritionally balanced show goat creep feed designed for
peak performance and bloom from one week of age to
weaning (or to 45 lb)**

- Provides 18% crude protein, 5% fat, and 15% fiber
- Contains CitriStim, Prospanse yeast, direct fed microbial, stabilized rice bran, complexed trace minerals, and natural-source vitamin E
- Medicated with decoquinate (Deccox; 81072AZNE4) or monensin (Rumensin; 81072CAUE4)
- Feed 3.33 lb per 100-lb body weight daily
- Mini-pellet form for more efficient feeding and better feed intake

*Refer to product labels for complete feeding directions
and warning/caution statements. Consumption of Show
Goat products by sheep may result in copper toxicity.*

MoorMan's ShowTec Elite Goat 80941

**Designed to meet the unique nutritional needs
of growing and blooming young show goats**

- Provides 17% crude protein, 3.5% fat, 13% fiber, and 20-40 ppm copper
- Patented cold pelleting feed technology helps capture freshness and nutritional value
- Highly palatable with optimal levels of protein and energy
- Properly fortified with vitamins and trace minerals for optimal growth and includes complexed zinc
- Contains CitriStim, Prospanse® yeast, stabilized rice bran, and octacosanol (from wheat germ)
- Fortified with ammonium chloride
- Medicated with decoquinate (Deccox; 80941MPSE4); also available with monensin (Rumensin; 80941CAU) in minimum three-ton orders

• Mini-pellet form for more efficient feeding and better feed intake
Feed Elite Goat DC at the rate of 3 lb per 100-lb body weight daily. To complete the feeding phase and achieve the desired amount of cover, or to compensate for stress during any period of the feeding program, top-dress with 8-16 oz of Fast Fat per 100-lb of body weight per head daily. Goats should be fed a minimum of 2 oz #1 Mineral Supplement daily or 2 oz per 100-lb of body weight per head daily.

Do not feed Elite Goat DC to goats producing milk for food.

MoorMan's ShowTec Shazam™ 82000AAA1M

A free-choice supplement for show goats

- Provides dietary support with key nutrients known to influence hair growth and integrity
- Host of beneficial vitamins and complexed (organic) trace minerals
- Cell Rate® provides source of nucleotides that may help nourish natural body processes, including hair growth and repair
- Recommended consumption is 1-2 oz/head/day for show goats
- Granular form in 10-kg (22-lb) bag

MoorMan's ShowTec 17% Goat Breeder RU (81729CAU)

**Nutritionally balanced feed for breeding goats used
to produce top-quality show goat prospects**

- Provides 17% crude protein, 3% fat, and 18% fiber
- Contains CitriStim
- Properly fortified with vitamins (including thiamine) and minerals, including copper and complexed zinc for optimal reproductive performance, hoof integrity, and health

- Available in mini-pellet form in 25-lb bag

Fast Fat 11156AE

A conditioning supplement

Fast Fat can be fed during any phase of the feeding period to achieve desired body condition. Fast Fat is designed to put a smooth finish on livestock and supply energy to the diet of animals being hauled and shown.

- Provides 10% crude protein and 5% fat
- Properly fortified with vitamins and minerals for optimal finish and condition
- Top-dress rations for thin or stressed livestock with Fast Fat at a rate of 8-16 oz per 100-lb body weight per head daily
- Non-medicated; available in mini-pellet form in 50-lb bag

FIRE EXTINGUISHER™ R 81480AAAE4

A unique top-dress supplement designed to help overcome the negative effects of heat stress

- Contains Thermal Care™ R, a patent-pending technology that utilizes specially selected, research tested compounds
- Contains CitriStim which research has shown assists in maintaining a healthy, functioning gastrointestinal tract
- Feed 1.5 oz per 50-lb body weight to show goats when heat stress may be a challenge
- Available in mini-pellet form in 50-lb bag

MoorFlex™ 12298AAA

For more flexibility in motion

- Unique, one-of-a-kind, top-dress supplement
- Contains an ingredient approved for livestock feed that provides a source of natural substances recognized to influence joint health
- Supplies Cell Rate®, a source of nucleotides that may help nourish natural body processes involved in stress, immunity, and production; provides vitamins and complexed zinc
- Top-dress 2-4 oz/head/day for show goats
- Available in meal form in 3.75-lb (60-oz) pouch (12298AAA5E) or 18-lb pail (12298AAAJN)

EatMoor™ No. 12346AAA

- Unique, one-of-a-kind top-dress supplement that stimulates appetite, optimizes gut health, and provides nutritional support needed during stress
- Supplies Cell Rate, CitriStim, PremiDex™, Amaferm®, PrimaLac® and other beneficial ingredients
- Top-dress 2-4 oz/head/day for show goats
- Available in meal form in 3.75-lb (60-oz) pouch (12346AAA5E), 12-lb pail (12346AAAPF), and 20-kg (44.1-lb) bag (12346AAAAG).

Rehydrate™ No. 88820AAA5Q

- Unique, one-of-a-kind energy and electrolyte top-dress supplement
- Also provides Cell Rate, PremiDex, and other beneficial nutrients
- Feed as a top-dress or mix with water for a drench; 6 oz/head/day (2 scoops) for show goats
- Available in powder form in 2.25-lb canister

Cellarator® Turbo

- 3-in-1 fast acting, oral paste that combines the power of Cell Rate with probiotics, electrolytes, and vitamin E
- Helps support performance, helps deter dehydration, and provides nutritional support needed during stress
- 80 cc tube (8279005U) and 300 cc tube (8330005X)
