DS Sweet Unique™ Calf Starter

The Gebert's Brown Swiss heifer started eating DS Sweet Unique Calf Starter 20% (made with ADM's patented cold pellet technology) at three days of age and "just kept going". Chad says it's

an excellent product. ADM's cold pelleted technology yields a superior "sweet" feed in pellet form that stays fresh longer without the stickiness and bricking associated with traditional sweet feeds.

The Gebert's Brown Swiss heifer was a 2013 World Dairy Expo Champion!
