

Patriot® Senior Complete Horse Feed

For mature horses

Product Number: 80029AAA

ADM's Patriot Feeds are formulated for today's performance horses using the latest scientific data. Patriot utilizes GROSTRONG® Minerals, multiple sources of high-quality protein, quality grains, highly digestible fiber sources, and added vegetable fats to provide balanced nutrition for horses. With this combination, horses can be healthy and perform at their best with less risk of metabolic and digestive disorders. Where forage supplies are limited or of poor quality, choose one of the complete feeds in the Patriot line-up of products.

Product Description

Patriot Senior Complete is a high-quality, palatable, complete, feed in easy-to-chew pellet form, which provides 14% protein and no more than 20% fiber. It is formulated to meet the special nutrient needs of senior horses and provides a substantial amount of highly digestible fiber, allowing it to be fed without additional forage when fed according to label directions. It is an ideal product to use for senior horses when forage supplies are scarce or of inferior feeding value.

Features

Benefits

Select ingredients, consistent formulation

Ensures product consistency and dependable nutrient sources.

Higher energy, lower starch formulation

Vegetable fat and highly digestible fiber sources results in a lower starch content, which may help decrease the risk of digestive disorders.

Highly digestible, fermentable fiber

Highly digestible fiber sources such as soybean hulls and alfalfa meal provides energy to the horse while lowering the starch content of the diet, which is favorable for the equine digestive system.

Provides high-quality protein and amino acids

Recommended amounts to help repair and maintain muscle mass in senior horses.

GROSTRONG Minerals

Provides 28 major minerals, trace minerals, vitamins, and electrolytes (including biotin and salt) to ensure horses receive nutrients in correct amounts and ratios needed for maintenance, growth, reproduction, and performance.

Complexed, Organic Minerals Zinc, Manganese, & Copper

Complexed minerals are more bioavailable compared to inorganic sources and with shown benefits for immunity, reproduction, skeleton and joints, hoof integrity, and skin/coat.

CitriStim®

CitriStim, an ADM proprietary whole-cell inactivated yeast (*Pichia guilliermondii*), may help the horse strengthen its defense against health challenges by supporting and optimizing gut function, gut integrity, and body defense responses.

Features

Benefits

Features and benefits continued from previous page.

PrimaLac®*	A direct fed microbial (aka probiotic) consisting of four beneficial bacteria that help maintain an optimal microbial balance in the gut, thus improving nutrient utilization of the entire ration.
Provides Proponse™ yeast	Studies have shown yeast enhances feed palatability, digestibility, and hindgut fermentation.
Portion of vitamin E is natural-source	Vitamin E protects body tissues from oxidative damages. In this way, vitamin E is vital for protection during health challenges, and may be especially important for working horses as they are more prone to exercise-induced muscle damage. Research shows that natural-source vitamin E is more bio-available than synthetic vitamin E.
Easy-to-chew pellet form	Improved nutrient digestibility and absorption; easy to feed and reduces feed waste; encourages feed intake by senior horses.
Palatable, flavorful, enticing formulation	Encourages feed intake, which ensures senior horses consume needed nutrients in proper amounts and ratios.

Product Form/Packaging

Easy-to-chew pellet form in 50-lb bag (80029AAA24)

Guaranteed Analysis

Crude Protein, Min.	14.0 %	Copper (Cu), Min	40 ppm
Lysine, Min	0.8 %	Selenium (Se), Min	0.3 ppm
Methionine, Min	0.3 %	Zinc (Zn), Min	140 ppm
Threonine, Min	0.5 %	Vitamin A, Min	4,500 IU/lb
Crude Fat, Min.	7.0 %	Vitamin D3, Min	500 IU/lb
Crude Fiber, Max.	20.0 %	Vitamin E, Min	150 IU/lb
Acid Detergent Fiber, Max	27.0 %	Biotin, Min	1.00 mg/lb
Neutral Detergent Fiber, Max.	44.0 %	Lactobacillus acidophilus, Min	3,400,000 CFU/lb
Dietary Starch, Max	13.0 %	Lactobacillus casei, Min	3,400,000 CFU/lb
Sugar, Max	6.0%	Bifidobacterium thermophilum, Min	3,400,000 CFU/lb
Calcium (Ca), Min.....	0.7 %	Enterococcus faecium, Min	3,400,000 CFU/lb
Phosphorus (P), Min.	0.6 %	Contains a source of live (viable) naturally occurring microorganisms	

Feeding Directions

Patriot Senior Complete is formulated to be fed as the sole diet without additional forage. Feed 1.4 to 2.0 lb of Patriot Senior Complete for every 100 lb of body weight (15.5 to 22 lb per 1100 lb horse). Offer in 3 or more equal feedings when fed as the sole diet. When fed alongside forage, feed 0.7 to 1 lb of Patriot Senior Complete for every 100 lb body weight (7.5 to 11 lb per 1100 lb horse). Adjust feeding rate for each individual horse to maintain desired body condition. If your horse needs less than 0.6 lb per 100 lb bodyweight, provide a GROSTRONG vitamin and mineral product according to label directions. Provide clean, fresh water at all times and salt on a free-choice basis. Consult with a veterinarian or ADM nutritionist for a recommended diet. For more information visit www.ADMequine.com.

WARNING: Consumption of this product by sheep and goats may result in copper toxicity. Follow label directions. Feeding added selenium at levels in excess of 0.3ppm in the total diet is prohibited.
