

14% Tindle Trails Texturized Horse Feed

Product Number
80297AAA

A Fortified Feed for Mature and Growing Horses

Product Positioning

Economically formulated, Tindle Trails Horse Feeds are designed to meet the maintenance needs of the recreational and casual horse. Tindle Trails offers an attractive option for horse owners looking for a fresh horse feed at a competitive price. Tindle Trails Horse Feeds provide basic mineral and vitamin fortification along with energy and protein sources. 14% Tindle Trails Texturized Horse Feed is specifically designed for growing and mature horses and should be fed with good-quality forage. Growing horses will need additional protein supplementation. Where forage supplies are limited or of poor quality, choose one of the Forage First® forage products. When additional energy is needed to meet energy needs, add a Forage First Premium Hi-Fat Supplement to the ration.

Product Description

14% Tindle Trails Texturized Horse Feed is a fortified, palatable, grain mix, which provides 14% protein, 5% fat, and a maximum of 12% fiber. It provides more digestible fiber, more vegetable fat, and less starch compared to many traditional sweet feeds.

Features

Select ingredients, consistent formula

Highly digestible, fermentable fiber

Provides protein

Contains Tindle Trails Equine mineral-vitamin formulation

Contains CitriStim®

Provides Prospanse® yeast

Texturized, sweet feed

Benefits

Ensures product consistency and dependable nutrient sources.

Lowers the starch content of the diet, which is favorable for the equine digestive system, while at the same time provides energy in a form utilizable by the horse; fiber sources used contribute significantly to digestible energy content of this feed.

Recommended amounts to meet mature horse needs. Growing horses will need additional protein supplementation.

Provides major minerals, trace minerals, vitamins, and electrolytes to ensure horses receive nutrients needed for maintenance, reproduction, performance, and growth.

An ADM proprietary feed ingredient that may favorably impact the gut microbial population and body defense mechanisms.

Studies have shown yeast enhances feed palatability, digestibility, and hindgut fermentation.

Horses readily consume the product.

Product form/packing:

- Texturized form in 50-lb bag (80297AAA84)

Recommended consumption:

- Feeding rate varies (see Feeding Directions).

Guaranteed Analysis

Crude Protein, min.	14.0%
Crude Fat, min.	5.0%
Crude Fiber, max.	12.0%
Acid Detergent Fiber, max.	18.0%
Neutral Detergent Fiber, max.	32.0%
Calcium (Ca), min./max.	0.5-1.0%
Phosphorus (P), min.	0.4%

Selenium (Se), min.	0.25 ppm
Zinc (Zn), min.	145 ppm
Vitamin A, min.	4,000 IU/lb
Vitamin D ₃ , min.	1,000 IU/lb
Vitamin E, min.	30 IU/lb

Ingredients

Whole Oats, Cracked Corn, Wheat Middlings, Cane Molasses, Dehulled Soybean Meal, Soybean Hulls, Rice Hulls, Calcium Carbonate, Salt, Mono and Dicalcium Phosphate, Zinc Oxide, Manganous Oxide, Copper Sulfate, Defluorinated Phosphorous, Ferrous Sulfate, Mineral Oil, Cobalt Carbonate, Potassium Iodate, Propionic Acid - Sodium Propionate (Preservatives), Vitamin A Acetate, Vitamin D₃ Supplement, Vitamin E Supplement, Extracted Citric Acid Presscake, Brewers Dried Yeast (*Saccharomyces Cerevisiae*), Vegetable Oil, Riboflavin Supplement, Thiamine Mononitrate, Artificial Flavors, L-Lysine, Vitamin B₁₂ Supplement, Calcium Pantothenate, Niacin Supplement, Menadione Sodium Bisulfite Complex (Source of Vitamin K Activity), Choline Chloride, Sodium Selenite, Sodium Bentonite.

Feeding Directions

Adult Daily Feeding

Class of Horse	Mature Body Weight (lb)		
	800-1000	1000-1200	1200-1400
Pregnant Mare, 1-10 months gestation	3-5 lb	3-5 lb	3-5 lb
Pregnant Mare, last month gestation	4-6 lb	4-6 lb	4-6 lb
Lactating mare*, foaling to 3 months	4-6 lb	4-6 lb	4-6 lb
Lactating mare*, 3 months to weaning	4-6 lb	4-6 lb	4-6 lb
Performance horse*	4-6 lb	4-6 lb	4-6 lb
Breeding stallion*	4-6 lb	4-6 lb	4-6 lb
Idle horse	3-5 lb	3-5 lb	3-5 lb

Feeding for Growth**

Class of Horse	Expected Mature Body Weight (lb)		
	800-1000	1000-1200	1200-1400
Nursing foals to 4 months	Creep feed up to 3 lb	Creep feed up to 4 lb	Creep feed up to 5 lb
4-6 months (weanling)*	4-6 lb	4-6 lb	4-6 lb
6-9 months*	4-6 lb	4-6 lb	4-6 lb
9-11 months*	4-6 lb	4-6 lb	4-6 lb
Yearling to 2 years old*	4-6 lb	4-6 lb	4-6 lb

The amounts recommended in this chart are strictly guidelines. Every horse must be fed as an individual. Feed with 1.5-3.0% of body weight daily as good-quality hay or pasture. Clean, fresh water should be available at all times. We recommend offering a GROSTRONG Minerals product free-choice.

*We recommend feeding 4-6 lb per horse per day of this feed along with a Premium Hi-Fat Supplement from the Forage First Pyramid, as desired. For more information, call 1-800-680-8254.

**Growing horses should also receive a protein supplement.

WARNING: This feed contains copper. Do not feed to sheep or other copper sensitive species. Feeding added selenium at levels in excess of 0.3 ppm in the total diet is prohibited.
