

Patriot® Performance Textured Horse Feed

A feed for all ages and lifestyles of horses

Product Number: 81871AAA

ADM's Patriot Feeds are formulated for today's performance horses using the latest scientific data. Patriot utilizes GROSTRONG® Minerals, multiple sources of high-quality protein, quality grains, highly digestible fiber sources, and added vegetable fats to provide balanced nutrition for horses. With this combination, horses can be healthy and perform at their best with less risk of metabolic and digestive disorders. Where forage supplies are limited or of poor quality, choose one of the complete feeds in the Patriot line-up of products.

Product Description

Patriot Performance Textured is a high-quality, palatable, textured feed specifically formulated for growing/mature, athletic horses that need a more calorie dense feed with a quicker release of glucose compared to other Patriot Performance Horse Feed products. It provides 14% protein, 8% fat, and no more than 10% crude fiber. Patriot Performance Textured can be fed to growing horses and mature horses, broodmares, and breeding stallions.

Features

Benefits

Select ingredients, consistent formulation

Ensures product consistency and dependable nutrient sources.

Dual energy formula

Vegetable fat for slower, sustained energy and cereal grains for quick bursts of activity.

Provides high-quality protein and guaranteed essential amino acids

Crucial to help maintain muscle mass in working horses and proper growth in younger horses .

Controlled starch

Helps decrease gastric upsets while replenishing glycogen stores for optimal performance during anerobic work

GROSTRONG Minerals

Provides 28 major minerals, trace minerals, vitamins, and electrolytes (including biotin and salt) to ensure horses receive nutrients in correct amounts and ratios needed for maintenance, growth, reproduction, and performance.

CitriStim®

CitriStim, an ADM proprietary whole-cell inactivated yeast (*Pichia guilliermondii*), may help the horse strengthen its defense against health challenges by supporting and optimizing gut function, gut integrity, and body defense responses.

PrimaLac®*

A direct fed microbial (aka probiotic) consisting of four beneficial bacteria that help maintain an optimal microbial balance in the gut, thus improving nutrient utilization of the entire ration.

Features

Benefits

Features and benefits continued from previous page.

Provides ProResponse™ yeast	Studies have shown yeast enhances feed palatability, digestibility, and hindgut fermentation.
Portion of vitamin E is natural-source	Vitamin E protects body tissues from oxidative damages. In this way, vitamin E is vital for protection during health challenges, and may be especially important for working horses as they are more prone to exercise-induced muscle damage. Research shows that natural-source vitamin E is more bio-available than synthetic vitamin E.
Highly palatable	Encourages feed consumption.

Product Form/Packaging

Textured form in 50-lb bag (81871AAA84)

Guaranteed Analysis

Crude Protein, Min.	14.0 %	Copper (Cu), Min	50 ppm
Lysine, Min	0.8 %	Selenium (Se), Min	0.6 ppm
Methionine, Min	0.2 %	Zinc (Zn), Min	160 ppm
Threonine, Min	0.5 %	Vitamin A, Min	5,000 IU/lb
Crude Fat, Min.	8.0 %	Vitamin D3, Min	500 IU/lb
Crude Fiber, Max.	10.0 %	Vitamin E, Min	100 IU/lb
Acid Detergent Fiber, Max	15.0 %	Biotin, Min	1.00 mg/lb
Neutral Detergent Fiber, Max.	25.0 %	Lactobacillus acidophilus, Min	13,200,000 CFU/lb
Dietary Starch, Max	32.0 %	Lactobacillus casei, Min	13,200,000 CFU/lb
Sugar, Max	5.25 %	Bifidobacterium thermophilum, Min	13,200,000 CFU/lb
Calcium (Ca), Min.....	0.5 % Max.	Enterococcus faecium, Min	13,200,000 CFU/lb
Phosphorus (P), Min.	0.45 %	Contains a source of live (viable) naturally occurring microorganisms	

Feeding Directions

Feed 0.5 to 0.75 lb of Patriot Performance Textured for every 100 lb of body weight (5.5 to 8.25 lb per 1100 lb horse) along with at least 20 lb of good-quality forage divided into at least two meals per day. Do not feed more than 0.4 lb/100 lb body weight per meal. Adjust feeding rate for each individual horse to maintain the desired body condition. If your horse needs less than the recommended feeding rate of Patriot Performance Textured to maintain condition, provide a GROSTRONG® Vitamin and Mineral product or StaySTRONG® 33 Ration Balancer according to label directions. If more energy is required when feeding 0.75 lb/100 lb body weight of Patriot Performance Textured, add HEALTHY GLO® or MOORGLO® according to label directions. Always provide clean, palatable water and salt on a free-choice basis. Any feed changes should be made gradually over 7 to 10 days. Consult with a veterinarian or ADM nutritionist for a recommended diet. For more information, visit ADMequine.com.

WARNING: This feed contains copper. Do not feed to sheep or other copper sensitive species. Follow label directions. Feeding added selenium at levels in excess of 0.3 ppm in the total diet is prohibited.
