

# 12% Tindle Trails Texturized Horse Feed

Product Number  
80296AAA

A Fortified Feed for Mature Horses

## Product Positioning

Economically formulated, Tindle Trails Horse Feeds are designed to meet the maintenance needs of the recreational and casual horse. Tindle Trails offers an attractive option for horse owners looking for a fresh horse feed at a competitive price. Tindle Trails Horse Feeds provide basic mineral and vitamin fortification along with energy and protein sources. 12% Tindle Trails Texturized Horse Feed is specifically designed for mature horses and should be fed with good-quality forage. Where forage supplies are limited or of poor quality, choose one of the Forage First® forage products. When additional energy is needed to meet energy needs, add a Forage First Premium Hi-Fat Supplement to the ration.

## Product Description

12% Tindle Trails Texturized Horse Feed is a fortified, palatable, grain mix, which provides 12% protein, 4% fat, and a maximum of 12% fiber. It provides more digestible fiber, more vegetable fat, and less starch compared to many traditional sweet feeds.

## Features

Select ingredients, consistent formula

Highly digestible, fermentable fiber

Provides protein

Contains Tindle Trails Equine mineral-vitamin formulation

Contains CitriStim®

Provides Prospanse® yeast

Texturized, sweet feed

## Benefits

Ensures product consistency and dependable nutrient sources.

Lowers the starch content of the diet, which is favorable for the equine digestive system, while at the same time provides energy in a form utilizable by the horse; fiber sources used contribute significantly to digestible energy content of this feed.

Recommended amounts to meet needs.

Provides major minerals, trace minerals, vitamins, and electrolytes to ensure mature horses receive nutrients needed for maintenance, reproduction, and performance.

An ADM proprietary feed ingredient that may favorably impact the gut microbial population and body defense mechanisms.

Studies have shown yeast enhances feed palatability, digestibility, and hindgut fermentation.

Horses readily consume the product.

## Product form/packing:

- Texturized form in 50-lb bag (80296AAA84)

## Recommended consumption:

- Feeding rate varies depending on body weight and work load (see Feeding Directions).

## Ingredients

Whole Oats, Cracked Corn, Wheat Middlings, Cane Molasses, Dehulled Soybean Meal, Calcium Carbonate, Monocalcium Phosphate, Dicalcium Phosphate, Salt, Brewers Dried Yeast, Zinc Oxide, Manganous Oxide, Copper Sulfate, Defluorinated Phosphorous, Ferrous Sulfate, Mineral Oil, Cobalt Carbonate, Potassium Iodate, Vegetable Oil, Propionic Acid - Sodium Propionate (Preservatives), Vitamin A Acetate, Soybean Hulls, Rice Hulls, Calcium Carbonate, Vitamin A Supplement, Vitamin D<sub>3</sub> Supplement, d-alpha Tocopheryl Acetate (Source of Vitamin E), Extracted Citric Acid Presscake, Sodium Selenite, Sodium Bentonite.

# Feeding Directions

## Daily Feeding

Class of Horse	Body Weight (lb)		
	800-1000	1000-1200	1200-1400
Pregnant Mare, 1-8 months gestation	3-5 lb	3-5 lb	3-5 lb
Light Work	3-5 lb	4-6 lb	4-6 lb
Moderate Work*	4-6 lb	4-6 lb	4-6 lb
Intense Work*	4-6 lb	4-6 lb	4-6 lb
Breeding Stallion*	4-6 lb	4-6 lb	4-6 lb
Idle Horse	3-5 lb	3-5 lb	3-5 lb

The amounts recommended in this chart are strictly guidelines. Every horse must be fed as an individual. Feed with 1.5-3% of body weight daily as good-quality hay or pasture. Clean, fresh water should be available at all times. We recommend offering a GROSTRONG Minerals product free-choice.

\*We recommend feeding 4-6 lb per horse of this feed daily along with a Premium Hi-Fat Supplement from the Forage First Pyramid, as desired. For more information, call 1-800-680-8254.

**WARNING:** This feed contains copper. Do not feed to sheep or other copper sensitive species. Feeding added selenium at levels in excess of 0.3 ppm in the total diet is prohibited.
