

## Product Description

CitriStim is a unique, whole-cell, inactivated yeast (*Pichia guilliermondii*) that is proprietary to ADM and can be used in diets for all phases and classes of animals.

## Features

- **Unique composition:** CitriStim is a proprietary strain of *Pichia guilliermondii* which is comprised of a unique structure and ratio of whole-cell components that have been shown to elicit beneficial outcomes for production and health.
- **Demonstrated efficacy:** Peer reviewed publications and extensive company research suggests CitriStim helps modulate immunity, shift bacterial populations, bind pathogenic bacteria, and reduce nutritional feed stressors.
- **Consistent quality:** Single-site manufacturing by ADM in a food-grade facility; exceptional quality with minimal variability among batches and over time.

## Ingredient/AAFCO Definition

Extracted citric acid presscake (IFN 5-06-162)

## Guaranteed Analysis

Crude protein, min.....	38.0%
Crude fat, min.....	0.3%
Crude fiber, max. ....	10.0%
Moisture, max. ....	8.0%

## Physical Characteristics

Appearance: Light brown, free-flowing powder  
 Typical bulk density: 35.3 lb/cu. ft.

## Usage Rate

Contact your ADM representative for usage rate tailored to your specific farm conditions.

Typical Usage Rate for Complete Feed, lb/ton (kg/tonne)	Animal Class
1 lb (0.5 kg)	Finishing pigs Finishing and withdrawal poultry Aquaculture Adult dogs and cats Deer and elk
