

GROSTRONG® Professional

81945AAA

A feed for all ages and lifestyles of horses

GROSTRONG® Professional: Elite Nutrition for Elite Performance

Product Description

GROSTRONG® Professional uses high-quality ingredients in a one-of-a-kind formula that empowers today's elite equine athletes to reach their full genetic potential. With elevated levels of essential amino acids, vitamins, and minerals, this premium feed supports optimal muscle development, endurance, and recovery. Plus, a scientifically balanced blend of probiotics, postbiotics, and marine derived calcium to favorably impact gut health, ensuring proper nutrient absorption and digestive efficiency.

Features

Elevated essential amino acids

Elevated levels of GROSTRONG® Vitamins and Minerals

Organic trace minerals

Marine derived calcium

Cellulase and xylanase enzymes

CitriStim®

Probiotics

Natural-sourced vitamin E

Postbiotic

Benefits

Added lysine, methionine, and threonine supports muscle development, tissue repair, immune function, and overall performance

Provides 23 macro-minerals, trace minerals, and vitamins (including electrolytes) in ideal amounts and ratios to ensure horses receive essential nutrients in a concentrated package for a low feeding rate

Greater bioavailability to support immune function, support healthy hooves and coat, aid in muscle and bone development, and optimize overall performance and well-being

More bioavailable than traditional calcium sources and helps support a healthy gastric pH

Shown to favorably impact fiber and protein digestibility in horses

ADM proprietary ingredient that may help the horse strengthen its defense against health challenges by supporting and optimizing gut function, gut integrity, and body defense responses

Supports a balanced gut microbiome, improves digestion and nutrient absorption, supports immune function, and helps reduce the risk of gastrointestinal upsets

Protects body tissues from oxidative damage. In this way, vitamin E is vital for protection during health challenges, and may be especially important for working horses as they are more prone to exercise-induced muscle damage. Research shows that natural-sourced vitamin E is more bio-available than synthetic vitamin E.

ButiPEARL® Z EQ* is an encapsulated butyric acid and zinc which has been shown to strengthen the gut lining, helping provide a stronger barrier and support nutrient absorption.

*Not a Trademark of ADM

Product form/packing:

Pelleted form, 50-lb bag

GROSTRONG® Professional

A feed for all ages and lifestyles of horses

GROSTRONG® Professional: Elite Nutrition for Elite Performance

Guaranteed Analysis:

Crude Protein, Min.	14.0 %	Selenium (Se), Min	0.7 ppm
Lysine, Min.	1.0 %	Zinc (Zn), Min	370 ppm
Methionine, Min	0.37 %	Vitamin A, Min	10,000 IU/lb
Threonine, Min	0.6 %	Vitamin D3, Min	1,000 IU/lb
Crude Fat, Min.	8.0 %	Vitamin E, Min	200 IU/lb
Crude Fiber, Max.	15.0 %	Biotin, Min	2 mg/lb
Acid Detergent Fiber (ADF), Max.	20.0 %	Xylanase, Min.....	1,450 units/lb
Neutral Detergent Fiber (NDF), Max.	35.0 %	Cellulase, Min.....	725 units/lb
Dietary Starch, Max	15.0 %	Lactobacillus acidophilus, Min	20,000,000 CFU/lb
Sugar, Max	5.5 %	Lactobacillus casei, Min	20,000,000 CFU/lb
Calcium (Ca), Min	1.0 %	Bifidobacterium thermophilum, Min.....	20,000,000 CFU/lb
Calcium (Ca), Max	1.5 %	Enterococcus faecium, Min	20,000,000 CFU/lb
Phosphorus (P), Min.	0.65 %		
Magnesium (Mg), Min.	0.35 %		
Copper (Cu), Min	100 ppm		

Feeding Directions

Feed 0.3 to 0.6 lb of GROSTRONG® Professional for every 100 lb of body weight divided into at least 2 meals per day along with free choice forage. Do not feed more than 0.4 lb/100 lb body weight per meal of GROSTRONG® Professional. Adjust feeding rate for each individual horse to maintain the desired body condition. If your horse needs less than 0.3 lb/100 lb bodyweight of GROSTRONG® Professional to maintain condition, provide a GROSTRONG® Vitamin and Mineral product according to label directions. Always provide clean, palatable water and salt on a free-choice basis. Any feed changes should be made gradually over 7 to 10 days. See bag for additional details. Consult with a veterinarian or ADM nutritionist for a recommended diet. For more information, visit www.ADMequine.com.

CAUTION: Consumption of this product by sheep and goats may result in copper toxicity. Follow label directions. Feeding added selenium at levels in excess of 0.3 ppm in the total diet is prohibited.

Ingredients

Wheat Middlings, Soybean Hulls, Dehydrated Alfalfa Meal, Vegetable Oil, Cane Molasses, Heat Stabilized Rice Bran, Dehulled Soybean Meal, Lignin Sulfate, Condensed Soybean Solubles, Propionic Acid (a preservative), Calcium Carbonate, Salt, Calcite, Lignin Sulfonate, Feeding Oat Meal, L-Lysine, L-Threonine, Manganous Oxide, Monocalcium Phosphate, Dicalcium Phosphate, Zinc Oxide, Copper Sulfate, Magnesium Oxide, Defluorinated Phosphate, Ferrous Sulfate, Potassium Iodide, Cobalt Carbonate, DL-Methionine, Dried Lactobacillus acidophilus Fermentation Product, Dried Lactobacillus casei Fermentation Product, Dried Bifidobacterium thermophilum Fermentation Product, Dried Enterococcus faecium Fermentation Product, Biotin, Vitamin A Supplement, Thiamine Mononitrate, Vitamin E Supplement, Riboflavin Supplement, d-alpha Tocopheryl Acetate, Calcium Pantothenate, Niacin Supplement, Vitamin D3 Supplement, Vitamin B12 Supplement, Calcium Propionate (A Preservative), Brewers Dried Yeast, Dried Trichoderma reesei fermentation product, Extracted Citric Acid Presscake, Sodium Selenite, Natural and Artificial Flavors, Selenium Yeast, Iron Oxide, Butyric Acid, Peppermint Essential Oil, Zinc Amino Acid Complex, Copper Amino Acid Complex, Manganese Amino Acid Complex.
