

Pen Pals® Total Flock

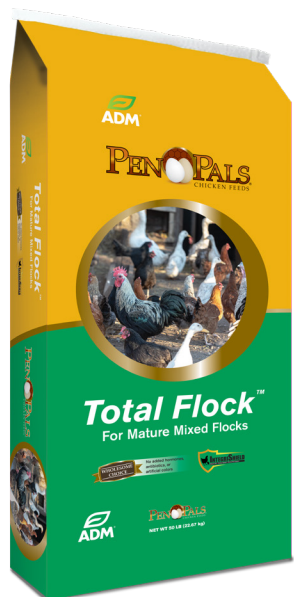

(70753AAA)

A Complete Feed for Layers, Broilers, Ducks, Geese and Gamebirds Older than 7 Weeks of Age.
A Complete Feed for Turkeys over 10 Weeks of Age.

Performance-focused Pen Pals poultry products provide wholesome, natural-sourced, unique ingredients to support wholesome, healthy birds. Pen Pals Total Flock is a multi-flock formula designed to support a healthy, productive mixed backyard flock without having to feed multiple feeds for different species.

Product Description

Pen Pals Total Flock is a highly digestible, 20% protein, 4% fat, complete feed that is formulated for laying hens, broiler chickens, ducks, geese, and gamebirds older than 7 weeks old, as well as turkeys over 10 weeks old. It contains natural grains and protein sources and is fortified with vitamins and minerals to support efficient growth and production.

Features

- Multi-flock formula
- High-quality protein
- No animal or animal by-products
- Mineral and vitamin fortification
- Empirical® NSP Enzyme
- CitriStim®
- Probiotics
- Portion of vitamin E is natural-source
- Phytase
- Marigold extract

Benefits

- Avoids the need to manage multiple feeds.
- Provides essential amino acids to encourage growth and production.
- Appeals to poultry enthusiasts who prefer to raise chickens without the use of animal-sourced ingredients.
- Provides nutrients necessary for optimum growth and nutrients essential for properly functioning immune system, which is vital to good health.
- A multi-enzyme, non-starch polysaccharide (NSP) that helps enable poultry to better utilize fibrous ration components by improving digestibility and availability of sugars from NSPs (better energy utilization of ration components), allowing more energy to become available for production purposes.
- An ADM proprietary feed ingredient that is a proven, truly unique whole-cell inactivated yeast which may help strengthen the bodies defense against various challenges by supporting and optimizing gut function, gut integrity, and body defense responses.
- PrimaLac®* is a direct fed microbial product encompassing four microbials that enable more efficient metabolism of nutrients resulting in better nutrient utilization of the entire ration.
- Vital to immune system function; research shows natural-source vitamin E is more bioavailable compared with synthetic vitamin E.
- Effective in increasing utilization of phosphorus from plant sources which reduces amount of supplemental phosphorus needed in the ration and reduces excretion of phosphorus into the environment.
- Natural pigment used for deep skin, shank, beak, and yolk enhancement; also contains compounds with vitamin A activity.

Guaranteed Analysis

Crude Protein, Min.	20.0%
Lysine, Min.	1.1%
Methionine, Min.	0.45%
Crude Fat, Min.	3.0%
Crude Fiber, Max.	6.0%
Calcium (Ca), Min.1.1% Max.	1.6%
Phosphorus (P), Min.	0.6%
Salt (NaCl), Min. 0.2% Max.	0.7%
Vitamin A, Min.	6,000 IU per pound

Feeding Directions

Feed as the sole rations to chickens, ducks, geese and gamebirds from 7 weeks old. For laying chickens, ducks, geese and gamebirds during egg production, ad libitum access to additional source of calcium (coarse limestone or oyster shell) needs to be available. Feed as sole ration to turkeys from 10 weeks old.

Ingredients

Grain Products, Processed Grain By-Products, Plant Protein Products, Forage Products, Calcium Carbonate, Lignin Sulfonate, Salt, Monocalcium Phosphate, Calcium Propionate (A Preservative), DL-Methionine, L-Lysine, Extracted Citric Acid Presscake, Dried Lactobacillus acidophilus Fermentation Product, Dried Lactobacillus casei Fermentation Product, Dried Bifidobacterium thermophilum Fermentation Product, Dried Enterococcus faecium Fermentation Product, Manganous Oxide, Manganese Sulfate, Zinc Oxide, Zinc Sulfate, Copper Sulfate, Calcium Iodate, Ferrous Sulfate, Choline Chloride, Vitamin A Supplement, Vitamin D3 Supplement, Vitamin E Supplement, Menadione Sodium Bisulfite Complex, Riboflavin Supplement, Niacin Supplement, Calcium Pantothenate, Thiamine Mononitrate, Vitamin B12 Supplement, Biotin, Pyridoxine Hydrochloride, Folic Acid, Dried Trichoderma reesei fermentation product, Sodium Selenite, L-Threonine, Dehydrated Pichia Pastoris Fermentation Extract, Zinc Amino Acid Complex, Vitamin A Supplement, Vitamin D3 Supplement, d-alpha Tocopheryl Acetate.
