

Pen Pals[®] Meat Maker

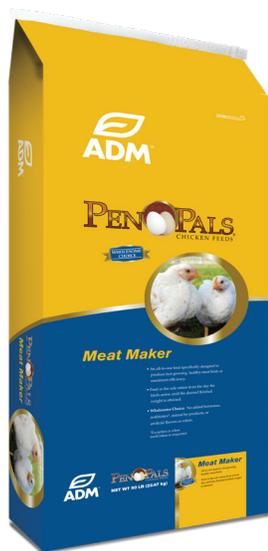

(70012AAA)

A Complete Feed for Finishing Broilers, Ducks and Geese from Starting (Brood) through Finishing, and Turkeys 10 Weeks and Older

Performance-focused Pen Pals poultry products provide wholesome, natural-sourced, unique ingredients to support wholesome, healthy birds. Pen Pals Meat Maker is an all-in-one feed specifically designed to produce fast growing, healthy meat birds at maximum efficiency. No additional grain, protein, mineral, or vitamin sources are needed.

Product Description

Pen Pals Meat Maker is a highly digestible, 21% protein, 5% fat, complete feed in crumble form formulated for meat birds (broilers, turkeys, ducks, and geese). It contains high-quality grain sources, multiple protein sources, and needed minerals and vitamins to encourage fast, efficient growth of meat birds.

Features

- 21% protein
- No animal or animal by-products
- Mineral and vitamin fortification
- Empirical[®] NSP Enzyme
- CitriStim[®]
- Portion of vitamin E is natural-source
- Phytase
- Medicated option available
- Crumble form

Benefits

- Provides amino acids needed to encourage lean muscle growth.
- Appeals to poultry enthusiasts who prefer to raise chickens without the use of animal-sourced ingredients.
- Provides nutrients necessary for optimum growth and nutrients essential for a properly functioning immune system, which is vital to good health.
- A multi-enzyme, non-starch polysaccharide (NSP) that helps enable poultry to better utilize fibrous ration components by improving digestibility and availability of sugars from NSPs (better energy utilization of ration components), allowing more energy to become available for production purposes.
- An ADM proprietary feed ingredient that is a proven, truly unique whole-cell inactivated yeast which may help strengthen the bodies defense against various challenges by supporting and optimizing gut function, gut integrity, and body defense responses.
- Vital to immune system function; research shows natural-source vitamin E is more bioavailable compared with synthetic vitamin E.
- Effective in increasing utilization of phosphorus from plant sources which reduces amount of supplemental phosphorus needed in the ration and reduces excretion of phosphorus into the environment.
- Gives producers the option of providing amprolium and bacitracin in finishing broiler rations for promotion of growth and feed efficiency and coccidiosis prevention.
- Ensures broilers receive balanced nutrition (no sorting of ingredients) and reduces feed waste.

Packaging - Form

50-lb bag, Crumble

Medicated option containing amprolium and bacitracin is available (70012ACF) and usage is only approved for replacement chickens. Species usage is dictated by approved claims. Refer to feed tags of medicated products to ensure medicated product can be fed to intended species.

Guaranteed Analysis

Crude Protein, Min.	21.0%
Lysine, Min.	1.0%
Methionine, Min.	0.4%
Crude Fat, Min.	5.0%
Crude Fiber, Max.	4.0%
Calcium (Ca), Min 0.9% Max.	1.4%
Phosphorus (P), Min.	0.6%
Salt (NaCl), Min 0.2% Max.	0.7%
Vitamin A, Min 4,900 IU per pound	

How Much is Needed*:

- 10-12 lb/bird to produce a 5 lb broiler (from 0-8 weeks of age)
- 25-30 lb/bird to produce a 15 lb turkey (0-13 weeks of age)
- 15-20 lb/bird to produce a 8 lb duck (0-8 weeks of age)
- 40-50 lb/bird to produce a 12 lb goose (0-12 weeks of age)

* Feed consumption is based on average values. Actual consumption may vary significantly depending on the breed of bird, environmental conditions, and weights to which the birds are raised.

Feeding Directions

Feed continuously as the sole ration to finishing broilers, turkeys 10 weeks and older, and ducks and geese from the day the birds arrive until the desired finished weight is attained. Provide clean, fresh water at all times.

Ingredients

Grain Products, Plant Protein Products, Processed Grain By-Products, Molasses Products, Calcium Carbonate, Vegetable Oil, Monocalcium Phosphate, Salt, Choline Chloride, DL-Methionine, Calcium Propionate (A Preservative), Vitamin A Supplement, Vitamin D3 Supplement, Vitamin E Supplement, Menadione Sodium Bisulfite Complex, Riboflavin Supplement, Niacin Supplement, Calcium Pantothenate, Thiamine Mononitrate, Vitamin B12 Supplement, Biotin, Pyridoxine Hydrochloride, Folic Acid, Extracted Citric Acid Presscake, Manganous Oxide, Manganese Sulfate, Zinc Oxide, Zinc Sulfate, Copper Sulfate, Calcium Iodate, Ferrous Sulfate, Dried Trichoderma reesei fermentation product, Sodium Selenite, Dehydrated Pichia Pastoris Fermentation Extract, Natural and Artificial Flavors, d-alpha Tocopheryl Acetate.

Space Requirements

Minimum Space Requirements per Bird

Floor: 1-1.25 sq. ft.; increase space if birds are fed beyond 8 weeks of age

Feeder: 3 inches or 20-25 birds/pan

Water: 1 inch or 50-100 birds per round metal drinker
