

PREMIXES & CUSTOM BLENDS

Your expert nutritional resource for future pet food success

A leading provider of nutritional ingredients and functional supplements

We are a part of ADM, one of the world's largest agricultural processors and food ingredient providers. ADM Animal Nutrition™ has leveraged these resources and this unmatched expertise to become a noted leader in nutritional ingredients and functional supplements for pets. Our expansive ingredient sourcing network, manufacturing skills, distribution systems and expert formulation and blending capabilities enable us to best serve your pet nutrition needs.

Unmatched expertise in custom-blending ingredients

We have specialized in formulating and manufacturing custom premixes and ingredient blends for over 20 years. ADM Animal Nutrition is a leader in the manufacturing and distribution of a wide range of premixes, specialty ingredients and food components for companion animals. With over 400 ingredients from which to choose, we specialize in producing a variety of custom blends such as:

- Vitamin Premixes
- Trace Mineral Premixes
- Dry Ingredient Blends

An ever-expanding portfolio of nutritional ingredients

We continue to source new ways to help ensure your ability to meet your customers' ever-changing demands for nutritional offerings in pet food and treats. As your supplier, we provide you with products processed from corn, oilseeds and wheat that are used as sources of protein, energy, fiber, carbohydrates and functional ingredients to meet dietary and production requirements.

We are key suppliers of:

- Amino Acids
- Ancient Grains
- Antioxidants
- Edible Beans
- Food Ingredients
- Fruits & Vegetables
- Gums & Gels
- Lecithins
- Natural Colors & Flavors
- Organically Certified Ingredients
- Organic Trace Minerals
- Protein Isolates
- Protein Concentrates
- Specialty Food Ingredients
- Specialty TVPs
- Soy Flour & Soy Grits
- Vitamins

Your partner in quality and nutrition

As an industry leader, we set the standard for service, quality products and timely delivery. Our quality control programs, including vendor assurance, ingredient traceability, industry certifications and customer audits, underscore our commitment to providing our customers with value and security.

Make ADM your strategic partner to develop new products and modify current ones to meet changing demands.
