*Ensure all sheep have access to unlimited supply of clean, fresh water and provide mineral supplementation as desired.

**Lamb rations include roughage.

***Provide adequate forage (hay or pasture) free-choice.

NOTE: Ensure sheep have access to unlimited supply of clean, fresh water and provide mineral supplementation as desired.

No copper compounds are added to ADM Animal Nutrition's commercial sheep feeds. However, naturally occurring copper in feed ingredients may combine to yield detectable copper levels. Care should be taken to minimize additional copper from forage, water, or other feedstuffs available to sheep.
